

## Lumieo Arctic 0.25 PMMA diffuser for lamp hiding

### Key features

---

The new film Lumieo Arctic 0.25mm is best suited as a diffuser in combination with microprismatic covers.

This thin, flexible sheet (.25mm) is easily cut or sheared.

Lumieo Arctic 0.25mm is available in white impact acrylic and features a matte finish, excellent uniformity, and offers 73% transmission for white matte/satin finish.

Is an excellent choice for those applications where lamp hiding and transmission efficiency are required

Ideally for combination with Jungbecker prismatic sheets for lamp hiding
